Jan. 2, 1923.

Mr. John W. Lieb, Vice Pres.,  
The New York Edison Co.,  
Irving Place and 15th St.,  
New York City.

My dear Mr. Lieb:

First, I wish you a Happy New Year,  
made especially so by good health, family  
well being, and reasonable prosperity.

Next, I thank you for your kindness  
in giving me the extra copies of  
"Forty Years of Edison Service" for  
my immediate family, who will be  
pleased to have the book with daddy's  
name connected with that of Edison.

I am sending you separately a  
copy of the General Electric Review for  
December, containing my short arti-  
cle on "The Edisonian Year 1922", re-  
counting honors done Edison that year  
in New York City, also some reprints  
of the article above, and a copy of the  
Schenectady Works News in which  
are given accounts of Edison's visit  
to Schenectady, October 18th.

With best wishes,

Sincerely yours,

Chas. L. Clark,
